To Whom It May Concern:

I first met Larry Huggins in 1981. I had been in the ministry for five years. I had come to the place where I was ready to do something different. I went to a meeting one of the speakers was Larry Huggins. That night he spoke into my life. He ministered to me and changed the course of my life forever. Since then, we have become very close friends. He has spoken in my church many times. Over the years, there has never been one time that our church and congregation were not brought to new levels of faith and commitment to the gospel.

I highly recommend Larry's ministry to anyone who desires a closer relationship with God. There is absolutely no doubt in my heart that any ministry that will open the doors of their church to this great prophet of God will reap benefits of increase for many years to come. If you would like anymore information please call me at 417-637-2941.

Thank you and God bless you,

Dr. James A. Jones, Pastor  
Faith Fellowship Outreach Ministries  
ICFM Regional Director
