Dear Brother Larry and Sister Loretta,

Thank you so very much for your ministry at the Word Feast at House of the Lord in Austin. All I could say to Brother Alfonso was "thank you." I hope my tone of voice conveyed how much I meant it.

I was so very glad to be singing in tongues. I had missed that for so long (having been in an endtime move of God when I was a young person and having ministered in groups very different from that since then.) When you began I thought perhaps God had heard my prayer. But you brought the congregation way beyond that, to places I had dared imagine for some day. Really, thank you very much.

It was a pleasure to meet you both. I look forward to the next opportunity to fellowship, learn, and worship together.

Sincerely,

Sharon Sarles
